Set a goal at the beginning of the season, and make sure to increase your goal if you surpass it! Donors are often inspired to help you meet a goal if they see you're in reach, but less so if they assume you've already met it.

Update your personal fundraising URL to make your page easier to find and share! Click on the highlighted URL to access your personal page to customize the header, photo, and body text with your personal story.

Reach out to firefighterstairclimb@ils.org if you need help customizing your page.
